

Beit Tiferet Emunah

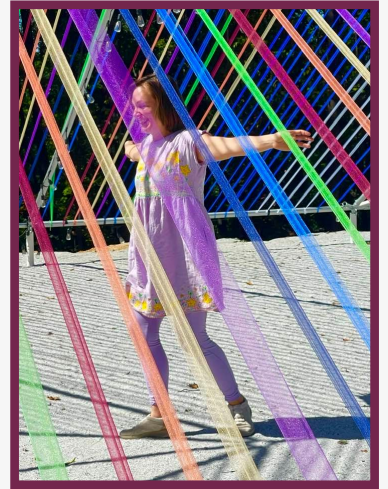

Shalom! Welcome to Beit Tiferet Emunah, the Home of Beautiful Faith. We pray you will find much joy and celebration as you discover more about us.

Winter Newsletter 2022-2023

The Vision

We are a Messiah-centered creative ministry, honoring Christianity's Hebraic roots, celebrating God's Appointed Feasts and believing that all people are created in God's Image. Since we are created to worship God, it is our privilege to use our redeemed creativity, gifts and talents to glorify our Savior and participate in His Kingdom coming to earth.

We are actively establishing a "Goshen," as the LORD has directed, a place of refuge, restoration, hope, healing and wellness. We rejoice in celebrating our LORD in all His creation, both in heaven and on earth, living off the land He has given us to His glory and He is teaching us how to do that!

The Visionary—Wendy Cohen

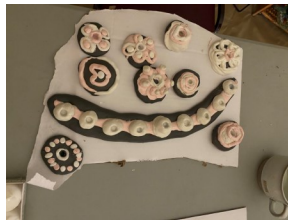

An accomplished artist, musician, writer, actress and director, Wendy seeks to create a space where people can live fully, love freely, honor God totally, obey their LORD joyously and trust Him completely. In her own words, "I passionately adore my LORD and Savior and yearn to lay all the crowns He has give me at His feet. It's all about Him."

The Progress

A '**Goshen**' is a place for God's protective, nurturing, supportive, set-apart care. **Beit Tiferet Emunah** means a Home for God's Glorious Faith.

In February of 2022 this tract of land was purchased and by June, the mountain was humming with activity. God rose up a team of local mountain people who know these hills and valleys well and how to tame them. An existing logging road was reclaimed, extended, graded, graveled and put to use. A well was dug and made operational and electricity was put in by the local cooperative. Construction started on the multi purpose building named, "Emunah" and the bathhouse was completed and installed. Miraculously, a weeklong Sukkot festival christened the mountain in October with over ~500 in attendance. Hanukkah was observed in December with the production of an original play by Wendy, a "Create Your Own Menorah" workshop and great Hanukkah fellowship!

With a similar 'Goshen' in Israel, the vision that Wendy has for this location encompasses structures and facilities for events like these as well as the development of:

- Personal and group retreat
- Inner healing and spiritual growth
- Education in and observances of Messianic Hebraic practices
- Creative art workshops and symposiums and 'artists in residence'
- Sustainable ergonomic and permafrost gardening
- Interactive horticultural trails

How to Be Involved

An endeavor of this magnitude creates an abundance of partnership and involvement opportunities. The best way to investigate Goshen is to experience it first hand. Contact Wendy Cohen directly to plan a visit to the mountain, see what's happening and learn how you can be involved.

There are also practical opportunities for participation and contribution to the development of Goshen.

- Sign up to receive newsletters and emails of Goshen happenings and events
- Make a tax deductible donation to Houses of Beauty
- Sponsor short term and long term Goshen residents
- Become a development partner
- Volunteer on the Itinerate workshop and creative arts staff
- Join the horticultural team
- SPREAD THE WORD ABOUT GOSHEN!

Goshen is truly a God inspired project and a testament to the miraculous. We invite you to come, participate, partner and be blessed by what is He is growing on this mountain.
